Liz Bevel's number is 405-447-4469 and email bevelgardner@cox.net

This course of instruction is designed for investigators, crime scene technicians, forensic technicians, and others involved in criminal and medical-legal investigations and crime scene analysis. The course is intended to develop a fundamental knowledge of appropriate hypothesis development and testing procedures and provide an objective form of defining the events associated with a complex crime (Event Analysis). The course syllabus is not intended to create an "instant" expert. This course is not a crime scene processing course.
